

Powerful Tech for Work and Collaboration

In today's hybrid corporate arena, technology serves as the backbone of operations, empowering businesses to streamline processes, enhance productivity, and drive growth. With **74% of U.S. companies adopting or planning to adopt a permanent hybrid work model***, JLab is here to enhance productivity and efficiency in the workplace with a variety of tech products at tiered price points to meet your every need.

Navigating Corporate Tech Challenges

- **Employee Engagement** - Employee engagement and productivity are critical concerns in hybrid settings, especially when **80% of workers report lost time due to technical difficulties during online or hybrid meetings.***
- **Intuitive Technology** - Despite the growing importance of advanced meeting technology, **only 37% of employers upgraded their video meeting tools in 2023.****

GO WORK (GEN 2) ON-EAR HEADSET

Ensure your employees are always connected and can communicate seamlessly with our Go Work headset. With noise canceling microphones, you can ensure your voice is heard and not the distractions around you.

EPIC USB WEBCAM

Ensure crisp, clear virtual calls and seamless communication with this powerful webcam. Whether you're across the hall or across the globe.

EPIC WIRELESS KEYBOARD

Maximize efficiency and productivity with the Epic Wireless Keyboard, featuring built in hot keys and customizable user profiles via the JLab Work App, personalized for every workflow.

EPIC WIRELESS MOUSE

Maximize efficiency and productivity with the Epic Wireless Keyboard, featuring built in hot keys and customizable user profiles via the JLab Work App, personalized for every workflow.
