CyberPower®

LONG LIVE THE BATTERY

Long-lasting lithium UPS systems

The Smart App Sinewave UPS series is the next generation of cloud-enabled UPS systems for corporate applications, featuring lithium battery technology, which translates to lighter weight, longer run times, and longer life of up to ten years. Integrated PowerPanel® Cloud technology makes it easy to monitor power anywhere.

LONGER BATTERY LIFE

Lithium batteries offer eight to ten years of battery life — more than double the life of conventional UPS batteries.

LIGHTER WEIGHT

Lithium UPS systems weigh up to 14.6% less than conventional UPS systems, making them easier to install and manage.

LESS MAINTENANCE

Because the batteries do not have to be changed, lithium UPS systems require less effort to maintain.

LONGER-LASTING, LIGHTER LITHIUM

Double your battery life with lithium technology

THE LITHIUM-IRON ADVANTAGE

Lithium-iron batteries are a common power source used in backup power. The lithium iron phosphate battery (LiFePO4) or LFP battery (lithium ferrophosphate), tends to be a power source with lower cost, lighter weight, and longer life cycle.

5YR WARRANTY INCLUDING BATTERY

STANDARD 5-YEAR WARRANTY

Each CyberPower Lithium UPS System includes a standard 5-year warranty, providing peace-of-mind for five full years.

LITHIUM UPS SYSTEMS

MODEL	VA	WATTS	OUTLETS	WARRANTY
PRL1500RT2UC	1500	1500	8 × NEMA 5-15R	Five-Year
PRL3000RT2UC	3000	3000	8 × NEMA 5-15/20R, 1 x NEMA L5-30R	Five-Year
